# Conclusions

- 
- ✓ The ICPDR is an organisation working internationally on a broader level, getting local stories to be part of the bigger story makes sense for everybody.
  - ✓ Danube Art Master and Danube Day do a great job at telling our overall Danube-wide story
  - ✓ Those events allow our local partners to tell their stories, and put themselves at the centre of this story.
  - ✓ Shared waters in a shared basin means: all our stories are interconnected
